I certify that the statements made on this application are true and correct to the best of my knowledge, and I understand that if any information provided is found to be false, misleading, or incomplete, this application and any approval granted shall be void.

I agree to comply with all conditions and requirements associated with this parcel division. I further grant permission for officials of the Township, County, and the State of Michigan to enter the property where this parcel division is proposed for the purpose of an exterior inspection to verify that the information provided is accurate and that the division complies with applicable laws and ordinances.

I understand that divisions are subject to the provisions of the Michigan Land Division Act, including limitations on the number of divisions permitted and requirements for access and parcel dimensions.

I understand that this parcel division conveys only those rights granted under the Michigan Land Division Act, as amended (MCL 560.101 et seq.), and any applicable municipal land division ordinance. Approval of this division does not constitute a determination that the resulting parcels comply with zoning, building, sanitary, or other applicable local, county, state, or federal regulations, and does not guarantee that a building permit will be issued for any parcel created by this division.

I further understand that approval of a parcel division resulting in parcels of less than one (1) acre in size does not ensure that the parcel will be suitable for on-site water supply or sewage disposal. The municipality shall not be responsible if a building permit cannot be issued due to lack of approval for well or septic systems. Verification with the District Health Department is the responsibility of the landowner.

I also understand that zoning ordinances, municipal regulations, and State laws may change from time to time. If such changes occur after approval of this division, the approved parcels must comply with the new requirements unless deeds, land contracts, leases, or surveys representing the approved divisions have been recorded with the Register of Deeds, or construction has begun prior to the effective date of the change.

APPLICANT ACKNOWLEDGMENT

By signing below, I acknowledge and agree to the following:

- New parcel identification numbers will be assigned upon completion of the land division, and any existing Principal Residence Exemption (PRE) must be refiled under the new parcel number.
- All property taxes must be current and paid in full.
- The Township's approval of this land division is limited solely to compliance with the Michigan Land Division Act and applicable zoning requirements, and does not constitute a determination regarding ownership, boundary location, survey accuracy, title validity, easements, encroachments, or property rights involving adjacent lands.
- The approved land division will become effective on the next available assessment roll following December 31 (Tax Day).
- Only written approval from the Township constitutes official approval. Verbal communications are not binding.
